

## A Ministry of Sherry & Ken Roberts

Jesus says, “. . . I assure you, when you did it to one of the least of these my brothers and sisters, you were doing it to ME!

### FUN PHOTOS

The baboon and his friends on the left were on the side of the road in the North. Team members enjoyed throwing packs of cookies to the baboon,

which promptly opened the pack with his teeth and stuffed all three cookies in his mouth.

Saturday, July 4th was not only Independence Day in the United States, but it was also Sarah's independence day from regular torture and beatings. Sarah, age 6, came to us broken - having been abused severely by an uncle who didn't want her. She had been left a double orphan over a year ago and forced to live with an aunt and an abusive uncle. Her little frail body was covered with bruises and scares.

Welcomes New  
Precious  
Little Girl  
“Sarah”*

As you can see in this photo taken only 2 days after her arrival, she is still unsure of what her life will be. I am thrilled to report the contents of a recent e-mail—eight weeks after Sarah arrival at NCFH. “Little Sarah is doing great. She is a completely changed little girl. In the first day in the home, she wouldn't even smile, and we could tell she was scared. But now she is the happiest little girl and very well behaved. Sometimes when the other kids are doing something they are not supposed to do, Sarah will tell them, ‘Stop doing that...you know the Mamas would not want you to do that.’” She has picked up English very quickly. She also loves to sing during our worship and devotional time. She loves dancing with the other children, and singing is a real joy to her.

We are looking for sponsors for Sarah. If you would like to sponsor Sarah for \$40 a month, we know you be blessed as you bless this little girl. You will periodically receive letters written by Sarah herself as well as photos which reflect her physical progress.

### New Children's Home to Open in Uganda

Sarah Hamilton, a three time LOBO mission team member, is responding to God's call to work in Uganda by opening a home for orphans.

Sarah is a gifted nurse and feels the call to minister not only to orphans but also to those with physical needs. Sarah is currently staying in our “home” in Uganda as she learns its daily operational needs. She will return to her home in Texas this month to raise funds and then return to Uganda in January 2010. Sarah has already found a 3 bedroom, 2 bath home a short walk from New Creation Family Home. Having nurse Sarah so close NCFH will be a blessing, and I know we will be there to assist Sarah as she begins her ministry.

### Ministering in Ugandan Church that Sherry's Parents Built in 1970

Ministering in this church that my parents built was very special to me during this trip as it fell on the one year anniversary of the death of both my parents. Just a few years ago I never dreamed that I would be working in Africa let alone working in a church that was started almost 40 years ago by my parents. My mother's legacy of building 167 churches, as well as orphanages, parsonages, and water wells is truly God inspiring to me.

The photo below is of Pastor Fred, his wife, and me standing in front of the church. The children in the photo, who were each given de-worming tablets, toothbrushes, and sweets, are shown enjoying a fun time of singing and dancing.

## New Play Equipment

While visiting New Creation Family Home on their first mission trip in 2008, Ron & Becky Hubbard mentioned that it would be wonderful for the children to have some play equipment. This summer the Hubbard's returned to NCFH with the funds necessary to have local craftsmen build a see-saw and monkey bars.

Photo below is Don (Ron's brother), Ron, and Becky with the children just after the see-saw was installed. The smiles of the children show how overjoyed they are with their new play equipment. Our ministry is very blessed to have such wonderful and generous people as the Hubbards. The children hold them very dear in their hearts!

## THREE New Programs for New Creation Centre

### 1) ESL CLASS TO START

As the children at New Creation Centre learn to read and write, we realize that many of their parents and guardians cannot. We also realize that parents who are able to read offer better after-school support to their children. Starting this month a new class will be offered after school four days a week to anyone who would like to learn how to read and write in English. Besides learning basic skills, each adult will hear about God's redeeming love and have an opportunity to know Jesus as Lord and Savior.

### 2) BREAKFAST PROGRAM FOR ALL CHILDREN AT THE SCHOOL

We are excited to announce that we will be starting a hot breakfast program this month. The children in the school have always received a hot lunch each day, but inquiries by our staff found that most of the children had eaten nothing until this 1:00 pm lunch meal. For many children in the school, the lunch meal was their only meal for the day. Knowing that breakfast provides children with the energy they need to learn, we decided that providing breakfast was a NEED and not an option. We are confident that God will provide the funding.

### 3) HYGIENE PRODUCTS BECOME AVAILABLE

As the children in the school grow, their personal needs also change. Because of their poor living conditions, most students' families view items like toothpaste, soap and basic hygiene products as luxuries. We want to be able to have these products available to our older children. We are in the process of working out a "rewards" program whereby each student will be able to receive one item each week with coupons they've earned. Headmistress Zion clarified the issue by stating, "We don't want our older children to accept gifts from male strangers simply because they don't have the necessities." We in the free world may find this hard to believe - that teens could be swayed by something so small as a basic hygiene product. Our "store" will be stocked with personal hygiene products, and all specified monetary donations will go directly to the purchase of these personal hygiene supplies.

## New Staff Members

New Creation Centre is proud to introduce **BECKY** (on the left). Becky comes to us from Invisible Children and serves as counselor/mentor to the children and families of New Creation Centre. She visits their homes on a regular basis to assess individual and family needs.

**MARGARET**, our new cook, poses in front of the stove at New Creation Family Home. She is a real blessing to the staff and children who love her. A widow with two of her own children, she brings a loving motherly touch to our home. Another new staff member (sorry no photo) **GEORGE** has taken the position as Sports Director for New Creation Centre. George coordinates all of the school sports and the after-school sports program at a nearby field. The children are excited as they prepare to compete against other schools.
